Events

► Ever wondered about a Career in the Film Industry or how you can get involved? More than 30 different film industry departments will be represented at this exciting and informative event. Come speak with professionals from the industry and find ways you can begin your exciting career in the high paying industry. Sit in on our informative seminars from a variety of specialized areas throughout the day, selected to help inform you of all of your possibilities and achievement potential.

The Vancouver Island South Film & Media Commission pairs up with Chemistry Consulting, GT Hiring and the Inn at Laurel Point to help inform the public on ...the growing film industry - and the growing need for more workers behind the camera to join the field. **On January 28, 2017 from 11:00 am until 4:00 pm at the Pacific Fleet Club**, join us and learn about the many options for work available to you. With the industry and its demands growing, we want the citizens of Vancouver Island and the Gulf Islands to know that a career in the industry is possible for them.

The Pacific Fleet Club is located at 1587 Lyall Street, Victoria, BC. Admission to the Career Fair is free and open to the public, but seating at seminars during the day is first come, first served.

Business Buzz

► Andrew McLane of Qualicum Beach, who runs a realty group here, is part of a five-member organizing committee for a new Oceanside Young Professionals Network. YPN chapters combine elements of social support, benefit fundraising and professional networking opportunities for professionals up to age 40.... Oceanside YPN will hold regular meetings, either monthly or bi-monthly; will host guest speakers; offer professional development opportunities; and will hold several fundraisers, with all money raised remaining in the region to benefit local individuals and groups.

"The networking part of it is key, as well," said McLane. "A lot of people like to do business with people their own age." Membership dues will be determined in part by the number of members who join, but will be kept "substantially" lower than equivalent fees for Rotary or Chamber of Commerce, McLane said. "We want to make it reachable for everybody," said Mueller. "We know a lot of young people are just starting out, they have families and young children. We don't want anyone left out." And that goes for membership itself. The committee members say the YPN is open not only to small-business owners and entrepreneurs, but to all professionals 45-under, including farmers, construction workers and anyone else. Information on Oceanside Young Professionals Network, can be found on its Facebook page, Young Professionals of Oceanside.

The Employment Program of British Columbia is funded by the Government of Canada and the Province of British Columbia.

► Coastal Colour Printing, located in Parksville's Industrial area, is announcing an expansion of its services to include graphic design, digital marketing and web development. Coastal Colour was acquired by Nanaimo-based company, Elite Image, in October, as a result of the sudden passing of Coastal Colour's owner, John Rockley, in September. <http://eliteimage.ca/blog/eliteimage/coastal-colour-printing-expands-services-under-new-ownership/>

General Labour Market Information

► A new Marine, Automotive & Trades complex will increase the capacity for the automotive, motorcycle, marine and carpentry programs by 128 full-time equivalent spaces at Vancouver Island University. <https://news.gov.bc.ca/releases/2016AVED0125-002601>

► BC is working with BC Landscape & Nursery Association and BC Agriculture Council to find workers and identify the skills needed for meaningful careers in horticulture.

<https://news.gov.bc.ca/releases/2016JTST0260-002607>

► The Provincial Government has committed more than \$160,000 to help Vancouver Island manufacturers develop a comprehensive labour-market strategy, which will address priority training and skills-shortage issues affecting the manufacturing sector in the region.
