► **Literacy Alberni Society and Work BC have Partnered to Provide Fully Funded Training for Web Design and Development** - The recent BC Labour Outlook Report indicates Web Design and Development as a “High Occupation Opportunity” position with a forecasted growth rate of 3.1% for our region. The program starts **February 8, 2021** and runs for 39 weeks consisting of 31 weeks of classroom/virtual training, 6 weeks of work experience and 2 weeks of employment search support. The program and work experience is fully online/remote and successful participants will receive a *Front End Web Development Certificate*. Participants in this program must meet WorkBC funding eligibility criteria as well as Literacy Alberni Society’s program entrance requirements. For details, or to register for the FREE Virtual Information Session (January 12th 1pm), please call 250.248.3205. This project is funded by the Government of Canada and the Province of British Columbia.

► **Advanced Forestry Skills Program** - Do you have a passion for the outdoors and an interest in pursuing a career in forestry? This fully-funded, field-based forestry program could be for you! Advanced Forestry Skills Training participants will gain a wide variety of skills, certifications and hands-on experience. This program includes valuable industry networking opportunities and 3 week job placements with local forestry employers. As well, this program prepares graduates for a wide variety of employment opportunities ranging from equipment operation to field work. Examples of jobs previous students have become successful in include (but are not limited to):

- Junior Forestry or Environmental Technician
- Recreation Trail Building & Maintenance
- Silviculture Surveyor
- Wildland Firefighting

- Equipment Operator
- Fuels Management & Reduction
- Tree Planting (including Crew Boss & Tree Runner)
- Danger Tree Assessor
- Tree Nursery Worker

The Advanced Forestry Skills Programs has two start dates **Feb 8 2021**, and **May 17 2021** and each session includes 16 weeks of occupational skills training, 3 weeks of work experience and 2 weeks of job search and employment preparation. Participants in this program must meet WorkBC funding eligibility criteria as well as Stillwater Consulting's program entrance requirements. For more information and to register for a FREE Virtual Information Session (January 11th 3:30pm) please call 250.248.3205. This project is funded by the Government of Canada and the Province of British Columbia.

► **Coastal Gaslink Project** - This project is being constructed in 8 sections with a completion date of 2023. At 670 km it boasts over 3,480 workers across the project. The project's prime contractors are currently hiring!

► **Tuition Free Program - Enhanced Personal Support Worker - Discovery College, Nanaimo Campus**

Are you looking for an exciting career in the social-service sector? Be prepared to work in areas such as community social service agencies, support services, group home settings, client homes and day programs. This is a WorkBC Community Workforce Response Grant Training program for applicants who are unemployed or precariously employed (part-time, seasonal or casual) and seeking training to obtain a new job; or are employed but at risk of losing a job and in need of training for a new job. Tuition and books are provided by the **WorkBC Community Workforce Response Grant**. Expenses not covered: Living expenses - students will not be paid to attend or while going to school, Criminal Record Check (\$28), expenses for TB testing or vaccinations as needed, school supplies and any other expenses not listed as tuition or books. The application deadline is January 27 2021 and the start date is February 1 2021. The program runs for 24 weeks and is conducted In-class and Online. Applicants on Income Assistance or Employment Insurance are eligible and need to go through the local WorkBC office to apply for permission to attend, however, the first step is to contact Discovery College to arrange their initial interview.

► **WorkBC Labour Market Information**

<https://www.workbc.ca/Labour-Market-Industry/High-Opportunity-Occupations.aspx>

► **Tuition Free Programs - North Island College. The following four programs start in February 2021!**

Motor Sport and Power Equipment Technician Foundation

Gain foundational skills to diagnose, repair, adjust and replace engines, drive trains, suspension and electrical systems on small to medium sized power products like motorcycles, ATVs, generators, and inboard/outboard motors. The Motor Sport and Power Equipment Technician Foundation program provides level1 technical training credit for apprentices on your path to your Interprovincial (Red Seal) Certification.

Runs for 20 weeks. Campbell River campus. Afternoon/evening programming

Parts and Warehousing Person Foundation

Gain the foundational skills to support ordering, warehousing and inventory for a variety of industries like automotive, commercial transportation and resource trades. You'll learn how parts, accessories and warehouse products make their way from manufacturing to consumers, how to receive goods and sort parts, supplies and materials in a warehouse and maintain shipping and receiving records.

Runs for 20 weeks. Online. Hours vary given online format

Motion Picture Production Assistant Micro-Credential

Gain motion picture industry skills that will qualify you to confidently pursue employment as a Locations Production Assistant (PA). The program encompasses competencies required to work in film and television to include on-set specialized production assistant responsibilities, administrative duties, working with teams and the public, communication skills, location preparation protocols, industry terminology, respectful workplace, pandemic safety and protocols, WHMIS and Food Safe certificates. In addition, learners will receive instruction in partnership with Actsafe specific to Motion Picture Industry Orientation, Motion Picture Safety, and Propane Safety Awareness, which are required to work on set.

7 weeks. Online. Hours vary given online format

Fundamentals of GIS Mapping and Drone Operations Micro Credential

The fundamentals to GIS Mapping and Drone Operations provides introductory training on emerging technologies, standardization of data collection methods, and industry best practices on low-level aerial data collection. Instruction encompasses an introduction to Geographic Information System (GIS) basic tools and applications, digital data collection and integration, query databases, and file management structures for GIS data. The program also encompasses Remotely Piloted Aircraft Systems (RPAS) instruction focused on preparing students for the Basic RPAS pilot license exam and introductory remote data collection. The skills gained are transferable across sectors to include forestry, aquaculture, resource and environmental management.

8 weeks | Online | Hours vary given online format
