Disability Employment Awareness Month

September was *Disability Employment Month in BC* and we continue with the opportunity for education as October is *Disability Employment Awareness Month* .

There is so much for us to learn, particularly as disabilities are not always easily recognizable. People with disabilities face unique barriers when seeking employment and are often overlooked during the hiring process.

This month is a great opportunity to not only acknowledge and promote the contributions and inclusion of people with disabilities in the workplace, but to celebrate and recognize inclusive employers.

Scott, one of our **in-house Job Developers** recorded a **Zoom session with two local employers** who have demonstrated their inclusive hiring practices and share how this has richly impacted their businesses in a positive way.

Hiring people with disabilities is just good business!
