Programs and Events

► Funding is now available for the Get Youth Working! Program. This program offers BC employers a Wage Subsidy as an incentive to hire youth, providing on the job experience they need to excel. The program is open to eligible youth 18-24 years of age. To register go to <https://www.getyouthworking.ca/>.

► TechWORKS <https://spark.adobe.com/page/XOo5bGfjnA3Nm/> is a free employment program with a focus on digital workplace skills and preparing youth/young adults to navigate the employment realities of the new economy. The best part? This is an online program accessible from anywhere. If you have a computer/laptop and webcam, you have the tools needed to join.

The program includes lessons in website development, Microsoft Office suite, social media marketing, and online presence with additional tailored training for the participant, all with a focus on the realistic workplace. Our goal is to introduce new tech skills, as well as leverage existing ones, to help youth get employed as skilled talent that can adapt to change.

The program is delivered online and participants join an online classroom via video conferencing. Participants will have access to facilitators and youth counsellors via chat, ZOOM and phone. It is 6 weeks of classroom followed by 12 weeks of supported work experience. Participants will be eligible for a wage subsidy package which makes for an attractive employment applicant.
