## **Business Buzz**

► MSE Precast will soon be needing 25 people for 2 shifts. They are seeking Labourers with some basic carpentry skills. The wage would be \$15-\$17/hour. A driver’s licence is a big asset as their location in Qualicum is not on the bus route. The position includes physical work in a loud, dirty environment. Interested candidates can email a resume to Sandi at [admin@mseprecast.com](mailto:admin@mseprecast.com)

► Construction is planned for a new Tim Hortons and gas station to be built between Lantzville and Nanoose Bay off of Highway 19A.

► Ricky’s Restaurant is coming to Parksville. A vacant lot has been chosen off Highway 19A in the south end of Parksville, construction has not yet begun but may break ground this summer.

► A new Quality Foods is being constructed in the Harewood area of Nanaimo, and the company anticipates needing 60 new staff members.

## **General LMI**

► Transportation indicators have been strong in the first quarter with both BC Ferries and the Nanaimo Airport experiencing strong year-over-year and year-to-date growth. However, occupancy was down by 8% compared to March of last year and, on a year-to-date basis, is down by just over 4%. We anticipate that occupancy will improve as we get further into spring. According to Stats Canada, the number of U.S. licensed vehicles entering B.C. from the U.S. in March 2018 was up by 11.5% compared to March of 2017 (representing an increase of 20,300 vehicles). Hopefully, this increase represents the start of a strong year for U.S. visitation to the province. ► New provincial investments in modular housing are creating thousands of new jobs and boosting local economies throughout the province.

"We are building our economy by building the homes people need," said Premier John Horgan. "Local companies like Horizon North are already hiring more people, thanks to our investments in housing – and there are more to come. We expect to create 2,050 direct and indirect jobs as we tackle the homelessness crisis."

Announced through the Budget 2017 Update, the Province is providing \$291 million to build 2,000 units of modular supportive housing over two years.

Manufacturers from Kelowna, Penticton, Courtenay, Westbank, and Kamloops are building the modular units, supporting the stability and growth of their local business. Excerpt, BC Gov News, Supportive Housing Creating more than 2000 jobs, Saturday, May 5, 2018 10:45 AM <http://bit.ly/2rUA9OP>
